Guard Against "Flu" With Musterole.

Influenza, Grippe and Pneumonia all start with a cold. At the first sign of fever, the moment you get those warning aches, get busy with good old Musterole.

Musterole is a counterfeiter that goes right after congestion (which is what cold really is) and restores normal circulation. It has all the good qualities of the old-fashioned mustard plaster without the unpleasant stinging and blister.

During the big "Flu" epidemic several years ago Musterole was used in our training camps. The U. S. A. War Board sent thousands of jars to our boys in France. Doctors have been recommending it to their patients for years.

Just rub it on the congested parts with your finger tips. First, you will feel a warm tingle as the healing ointment penetrates the pores. Then comes a soothing, cooling sensation and quick relief.

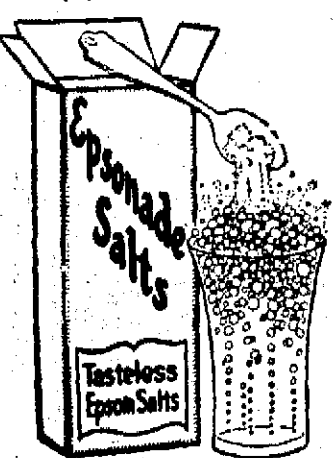

If there are colds in your house, get Musterole on the job at once. It may prevent serious illness. It is a good plan to have Musterole always on the bathroom shelf for emergency.

Sold by all druggists. 25c and 50c, in jars and tubes; hospital size \$2.00—Adv.

Today was Friday. I am always glad when it has been Friday and has not come to Saturday yet. I gave Jubilee his handspring lesson again this morning. He is learning something but not much. He has got so much sense that when he sees me turn a handspring he sneaks under the house and growls at me when I make him come out. I will not make him turn any on Saturday, because that is a holiday, but I will make him turn one on Sunday, because I have to go to Sunday school on Sunday and he might as well have his Sunday school too.

When I had at breakfast and snuck some out for him and me and him went around to see how Jubilee is getting along and she was sitting in a rocking chair in the kitchen with her foot on a pillow in another chair, and her mother laughed when she seen me and asked me what I done with my mother's teddy, which is what she calls the things I swiped, and the Lost Bag of Tripe picked my pocket for, and I told her that I put them back in my mother's bureau. I bet she will go and tell my mother sometime because she thinks it is funny, and then my mother will know how they got busted and got all over coal dust, and she will blame me for it, and if she does and my mother does I am going to pass the Lost Bag of Tripe again. He cannot monkey with me and get away with it.

We went down to the pond after school let out and the ice is all mushy so we opened the gate in the dam and let the water run out and stayed there a long time that we got tired after a while. We watched it for fish but we did not see any. Next summer we are going to catch some big fish out of the lake and bring them and put them in the pond, and when the pond gets full of fish we are going to let all the water out.

He has got so much sense that when he sees me turn a handspring he sneaks under the house and growls at me when I make him come out.

there after supper if I wanted to. So I did, and her father was home and he got funny because Jubilee's mother had told him about the teddy, so I did not stay there very long, but me and Jubilee went window-looking in town and we saw a toy airplane I would like to have. I guess I will be a airplane pilot instead of an ocean pilot. It would be fun to make my ant walk the plank off of an airplane, because I could watch her all the way down, and maybe she would land on her busel, and then the joke would be on her. My ant was singing when we got home, so I went to bed without being told and pulled Jubilee up. I hope I have more fun tomorrow.

MABEL E. TWIGG KILLED AT NORTH MAIN CROSSING

Auto Struck by Fast Big Four Passenger Train.

GIRL PICKED UP FIFTY
FEET DOWN TRACKS

Dies Immediately After Being
Taken into Store—Teacher in
Grand Prairie School.

Miss Mabel E. Twigg, No. 429 Summit street, was almost instantly killed when an automobile she was driving was struck by a Big Four fast passenger train at the north main street crossing about 7:40 o'clock, this morning. She died immediately after being carried into Cheney Brothers grocery store. Dr. C. S. Burnside, deputy coroner, said death was due to concussion of the brain caused by a fracture at the base of the skull. The right wrist also was fractured. Miss Twigg, who was thirty-four years of age, taught in the primary department of the Grand Prairie school. This morning she had stopped at the Standard Oil station at the corner of Mann and George streets for gasoline and while there found a letter she had forgotten to mail. It is said that some man offered to mail the letter, but Miss Twigg said it was a very important letter and she would take it to the postoffice. On her way back from the postoffice the accident occurred.

Tried To Stop Car.
Homer Jolley, watchman at the main street crossing of the Erie, stated that he had taken his station in the center of the street, about fifteen feet north of the track on the north side, to warn people of the approach of the train. He said he saw the machine going north on the east side of main street, and made every effort to stop the driver. Miss Twigg, who was in the car alone, evidently did not see the signal and she was almost upon the track before she saw the approaching train. She then made an effort to avoid being struck and drove diagonally across the track. The tracks on the damp pavement showed that Miss Twigg had the brakes set.

The train caught the automobile, which was a Ford touring car with a winter top, just a short distance west of the center of the street, striking the right rear wheel. It is thought the girl was thrown out through the side of the machine against the engine and hung there until the train slackened speed. Her body was found about fifty feet down the track. The train was stopped as soon as possible, about the time the engine reached Prospect street.

Top Struck Man.
The automobile was thrown over on the sidewalk against the iron fence of the brick residence at the northwest side of the track and totally wrecked. The rim and tire of the rear wheel that had been struck by the train hit a post of the veranda of the residence, dislodging it at the base. The top was thrown against the curb in front of Cheney Brothers grocery, adjoining the brick house, striking Harry Gillette, driver for Bausinger's bakery, who was unloading bread at the Cheney grocery. He was not injured.

Mr. Jolley narrowly escaped injury, for had Miss Twigg driven straight across the street the automobile would have been thrown over against the watchman.

Officer McColey, who was standing some distance from the track on the south side, heard the crash and ran around the rear of the train and was one of the first men to reach Miss Twigg and helped carry her into the grocery. She was found lying on her face. Miss Twigg died just after being taken into the grocery and the Curtis & Company ambulance was called and the body removed to the company's undertaking establishment.

Miss Twigg came near having another accident on south State street this morning. She was driving north and an ice wagon of the Marion Ice & Cold Storage company was standing near the Corey Confectionery store. Miss Twigg put on the brakes to pass the wagon and the machine skidded, just grazing the step of the wagon.

Born in Circleville.
Miss Twigg was born at Circleville, Pickaway county, August 31, 1897, but had resided here about ten years. She had taught school for the past seventeen years. At one time she taught at Ridgeway and at Prospect and the past seven years had been at Grand Prairie.

Surviving are the parents, Mr. and Mrs. W. S. Twigg, and two brothers, Ralph N. Twigg, of Miami street, and Delmer L. Twigg, at home.

Miss Twigg was a member of Emanuel's Evangelical Lutheran church and of the In-His-Name circle of King's Daughters.

Glants Enjoy First Practice.
San Antonio, March 3.—The signed contract of Emil Menez, outfielder and a telegram from Phil Douglas, hold-out pitcher, announcing his intention of coming to the training camp, made the hold-out situation of the New York Glants look more rosate today. The Glants enjoyed the first practice of the year yesterday but chilly breezes forbade any real action.

IF during the days before the war we ever were enabled to offer choice, fashionable, new apparel—at lower prices than in the present instance—we can not recall that day.

It is Our Great Pleasure to Announce for Next Saturday the Opening of a Very Notable Sale of Beautiful New Spring Dresses, Suits and Coats

The Most Important Selling Event Ever Held in Our Busy Garment Sections.
Wide Selections of Lovely New Spring Apparel—in the Smartest of the New Season's Modes

Tweed Suit \$25

Among the Exceptional \$25 Suits Are Many Smart Tweeds

THE wonderful popularity of Tweeds is not difficult to explain. It has become the first fabric of fashion—because it so splendidly fulfills a genuine need.

In town or country, for autoing, traveling, the street, hiking! Go where you will, the smart Tweed Suit is in its clime.

These special \$25 Tweed Suits are fine, beautifully tailored with splendid lines, and soft all silken linings.

Tweeds and Homespun Tweeds, Pebbleknit Cloth, Kelly Kloth and Kasha Cloth in the new Chalk and Periwinkle Blues, Currant Red, Bob-o-Link Tan, Cocoa and Copper Brown and other delightful Spring shades, including both plain colors and smart checks.

One particularly smart model has a jacket of Helio Tweed, while the skirt is fashioned from green cross barred Tweed.

Another one is Chalk Blue Kasha and tan wool embroidery finishes the throw collar and patch pockets.

One of the \$25 Coats

Both Coats and Capes of an Unusual Quality for \$25

WHAT Spring wardrobe can consider itself complete without the inclusion of a utility coat or cape?

Some of the handsomest ones for Spring are made up in serviceable Tweeds, Chinchillas, Kasha Cloth and Camel's Hair Cloth. With their smart swagger lines, their manly tailored finishings, they are very charming.

Capes are also going to enjoy much popularity this season. Some of these show the stylish Mandarin sleeves with beautiful touches of silk braid or silk embroidery. type of workmanship and nearly all of them are fully silk lined. All of these show the highest

Dresses Such As You Have Seldom, if Ever, Seen at These Modest Prices

Nearly 200 of Them in Three Remarkable Groups—Embracing Fashions of Exceptional Distinction and of Rare Beauty. All Crisp, Fresh and New.

\$18.75 • \$22.75 • \$28.75

DON'T make the serious mistake of judging the beauty and attractiveness of these exceptional dresses by the three special prices.

Just forget the prices—till you've seen the loveliness, the charm, the style, jointness and quality of the gowns themselves.

Simply revel, as only a woman can, in the unusual beauty of them. Observe what great variety from which to select! No new style trend, nor late whim of Fashion is missing!

There is each one of Spring's vivid and glorious new shades—Porcelain, Bob-o-Link, Flame, Phantom Blue, Mohawk, Copper and the like—in company with the ever fashionable Navy, Brown and Black.

All Spring's choicest silks have been called upon to play their part—Mallinson's Drapella, Crepe Romaine and Crepe Knit, in addition to splendid Canton Crepes, Satin Cantons, Paulottes, finest Crepe de Chines and Chiffon Taffetas.

And as for the styles—they are legion. Wonderfully headed models—ruffled styles and braided, flowing panels, uneven hems. Gowns enlarded with jet and those beautified with soft yarn embroidering.

And to think that dresses so distinctive, so exceptionally choice and beautiful can be had at such little prices!

Here's the secret. Their maker is a crank for quality. He literally picks things to pieces to find the tiniest flaw. In some of these he observed a slight flaw—mayhap in the weave of the silk. Nothing more than a thick thread—or shadow. The kind of thing which occurs very, very frequently in silken fabrics made by the best silk manufacturers.

The great majority of reputable manufacturers would never notice such tiny faults. You, the customer, would not be aware of it—did we not tell you.

It's the only time we have ever knowingly permitted a garment with any imperfection whatever to enter our Up-Stairs stocks.

Only because this particular maker goes to such extremes in the matter, have we considered for a moment purchasing these few dresses of his—after ourselves carefully examining each and every one.

We ask you to see what you think. If such things as a trifling misweave, only noticeable upon very careful examination—means getting a very beautiful and becoming new gown at just about half what one would otherwise have to pay—wouldn't the great majority of womenfolk be glad that the little misweave happened to be there?

NOTE: Every one in a while women ask us why we do not run more special offerings of dresses for mature women. We are glad to inform you that most of these are in women's styles—with plenty of splendid dresses in sizes 40 and above.

The \$18.75 Group Includes Canton Crepe, Satin Canton, Crepe de Chine and Taffeta.

The \$22.75 Dresses are shown in Crepe Romaine, Canton Crepe, Crepe de Chine, Taffeta and Georgette combined with Taffeta or Canton.

The \$28.75 Dresses include all the above as well as Mallinson's Drapella.

And a Rare Collection of Fine New Spring Suits and Coats Which are Literally Marvelous Values

All of Them Are Included at This One Popular Price

All-Wool Tweeds,
Homespuns,
Kelly Kloth, Etc.

\$25

All-Wool Braided and
Embroidered
Tricotines and Twills.

A BEAUTIFUL new Suit for \$25. Or a splendid Coat! Right at the season's start! What welcome news this should be to hundreds of women folks who are eagerly planning their new Spring wardrobe!

In these reconstruction days \$25 is perhaps not an unusual price. But these \$25 Suits and Coats are unusual—very, very unusual.

They are splendid. The choicest, most fashionable virgin-wool fabrics go into them. The best Spring colors have been selected in their making.

The styles reflect every new mode.

The tailoring and workmanship is the good kind it should be. And, lastly, the linings are splendid quality silks.

Time was, a number of years ago, when \$25 bought beautiful quality garments.

But never, to our knowledge, has \$25 purchased more in the way of splendid style and quality than it will do during this exceptional sale of ours.

You may view some of them in our windows tonight. But best of all, inspect them closely, compare them with anything you've ever seen at \$25—in our 2nd Floor Garment Sections Saturday.

The Suits at \$25

The new element this season, in Suits, is the marked popularity and nation-wide vogue of Tweed Suits witnessed these past few weeks.

So, of course, the smartest of new Tweed Suits are a prominent feature of this notable \$25 sale. And in this community you'll find no such Tweed Suits as these, unless you care to pay more for them.

Though Tweeds are prominent just at present, we have not overlooked the staple, always-in-style Navy Blue Suits by any means.

For here are marvelous new Tricotines and Poret Twills in the best box coat and tailored styles. Beautifully silk lined. Very exceptional indeed at only \$25.

The Coats at \$25

The best of the season's new modes comprise this exceptional lot. Smart, jaunty swagger sports coats—dressy wrappy models and mandarin sleeve capes.

The materials likewise reflect the latest and best Spring modes. Splendid Herringbone Tweeds, Kelly Kloth, Pebbleknit, Polo, Velour. And among the new colors brown shades are favored—such as Bob-o-Link and Copper, and also beautiful new blues and a few soft grays.

The capes are attractively embroidered, some being silk braided.

There are all sizes, of course, both for young misses and women.

At \$25 these splendid garments should literally go a-flying.

Fine quality, silk lined stylish Velour Coats at \$25.

Smartly tailored, silk lined, Navy Tricotine Suits at \$25.

Very charming new Tweed Suits, every one of the new Spring materials at \$25.

Capes, in almost every new Spring material at \$25.

Camel's Hair Coat \$25

Some of the New Models Among the \$25 Coats

AMONG the very pretty coats there is a combination of Bob-o-Link Brown Velour—(which, by the way, is very much en vogue again this year for coats) with Royal Blue cuffs—with finished sleeves that are elegantly silk embroidered.

Of course, they are all beautifully lined—most of them are fully lined but on the sport coats just the waist is under-lined.

A charming Coat of Chalk Blue Camel's Hair shows a reversible side of grey. This model has the large flap patch pockets and the long narrow belt.

There are lots of other pretty models which will appeal to the younger miss as well as the matron—and they are all marked at this one price of \$25.

Braided Tricotine Suit \$25

Among the Splendid Tricotine and Poret Twill Suits at \$25

AND for the madame who desires the always popular navy blue Tricotine and Twill Suits—we have bought this special lot.

Some whose jackets are loose from the shoulders. Others have jackets that are cut along the sport lines, with box pleated backs and long narrow belts.

One pretty model is shown with a little Peter Pan collar, others show the flat lapels with the notched collar—and there are so many differently pretty styles.

Of course, besides navy blue, there are also some charming brown suits in the lot.

Ward May Settle Dispute.

New Orleans, March 3.—The arrival here of Aaron Ward, hold-out second baseman, is generally regarded as the first step in a definite settlement of difficulties between the New York Yankees and their star infielder. A conference between Ward and Miller Huggins, manager, today, is likely to result in the player coming to terms. A steady downpour yesterday again prevented the Yanks from enjoying their first workout of the 1922 season.

Verdict Shocks Turfmen.

New York, March 3.—Local turfmen have not yet recovered from the shock of the verdict in the supreme court. Brooklyn, whereby Harry F. Sinclair was awarded \$100,000, the prize he paid James Johnson for the colt Playfellow, which is alleged to be a "windsucker," the thoroughbred, full brother of Man O'War, reverts to Johnson by the decision. The appeal probably means that Playfellow will be prevented from racing this year.

Washington Team Strong.

Tampa, Fla., March 3.—After a week's work in the Florida sun, Manager Clyde Milan, of the Washington Nationals, said today he was convinced he had the best crop of rookies of the American circuit. Milan is particularly sweet on Ray Francis, a Pacific coast pitcher, and Joe Gleason, a right-hander, who came up from Texas.

Indians May Cancel Game.

Dallas, Texas, March 2.—Winty breezes and chilling rains have kept the largest Cleveland Indian squad ever sent to training camp, off the field ever since their arrival in Dallas. It now appears certain that the game with Dallas scheduled for tomorrow will be called off, although indications point to warmer weather.

BASKETBALL RESULTS AT DELAWARE TODAY

Delaware, March 3.—The annual two-day basketball tournament, under the auspices of the Ohio Wesleyan university, to determine which high school quintet is champion of southern Ohio, started off here this morning with 78 teams participating. Results: First round—Cooksville, 21; Plain City, 16; Delaware, 15; Canal Winchester, 3; Worthington, 16; Monroe township, 6; Cambridge, 25; Sidney, 5; Dayton, 28; Westville, 11; Ostrander, 25; Urbana rural, 8; Piqua, 62; Plain township, 3; Dayton Silvers, 25; Groveport, 7; Thornville, 26; Kingston, 11; Newark, 24; Pataskala, 3; Hyattsville, 25; Wataskala, 8; Liberty Union, 27; Junction City, 3; Concord, 9; Lancaster township, 7; Bell Point, 8; Goshington, 4; Second round—Frankfort, 31; Milford Center, 13; Xenia, 24; Frazeysburg, 18.

WITH THE PUGS

Witkes Wins. Wilkes Barre, Pa., March 3.—John Reilly, Wilkes Barre, won from Mary Cross, New York, in ten rounds last night.

New York, March 3.—Harry Wills knocked out Kid Norfolk in the second round here last night. With chances of fighting Dempsey soon are enhanced by his victory.

Meyers Defeats Engel. Chicago, March 3.—A combined scissor hold and a wrist lock enabled Johnny Meyers, middleweight wrestling champion, to retain his title in his match with Helme Engel, of Dubuque, Iowa, here last night. Meyers took the one fall necessary to complete the match in the tenth round. Under the rules of the boxing commission here, all matches are divided into rounds of ten minutes each.

Boston Training Season Opens.

Boston, March 3.—The spring training season officially opened for both Boston big league teams today when they began to train for their camps in the south. The Red Sox are the first to leave. A delegation of six ambitious rookies and newspapermen in charge of Manager Huxford, leave the south station in a special car at 2 p. m. Other players will be picked up enroute while others will go direct to the training camp at Hot Springs, Arkansas. Manager Fred Mitchell and his Braves leave on the Federal express at 7:30 p. m. for their spring training camp at St. Petersburg, Florida.

BIG FOUR MAY CHANGE GALION-COLUMBUS LINE

Proposed Route Being Surveyed Would Eliminate Delaware.

WOULD DIRECT ROAD THROUGH MT. GILEAD

Change Would Eliminate Sharp Curves and Shorten Distance. Rail Notes.

Surveys are being made by the Big Four railway which indicate a change in the route between Galion and Columbus. The proposed route would practically eliminate Delaware and would direct the road through Mt. Gilead, now two and two-thirds miles east of the main line. The change in routing would run the tracks over an old road bed owned by the company and would straighten out and shorten the distance between the two points and eliminate sharp curves at St. James and Delaware. The Delaware passenger station would be about two miles from that city. At present the railroad company operates three trains daily on a short line connecting Mt. Gilead with Edison, the nearest railroad station on the present main line. Trains were operated over the old route about fifty years ago.

Work probably will begin within the next week on the construction of a 225-foot switch and siding on the Hocking Valley at Upper Snoddy. The new track is being constructed for the Fire-Star Oil Products company there.

The west-bound Erie tracks were blocked for about four hours and the Erie wrecker was called out, when a car containing furniture in a westbound Big Four freight train broke in two just west of Prospect street at about 2 o'clock this morning. Although the trucks did not leave the tracks during the accident, one side of the car bulged out and bumped into the south wall of a residence at No. 153 north Prospect street. The wall, a brick one, was eight feet north of the tracks and the car struck it just a few inches below a window, damaging it slightly. The tracks were cleared at about 7 o'clock this morning, the car being pulled away and dumped over an embankment. Contents of the car were loaded into another car on a siding nearby.

E. W. Rosser, terminal superintendent of the Chicago region of the Erie at Chicago, was in Marion today attending a meeting in the Cincinnati division superintendent's office, where a discussion of new schedules for fast freight trains was held.

Two changes were effective today in the office force of the Erie in Marion. Miss Doris Rhoads will be the stenographer to the Kent division chief dispatcher, succeeding Miss Margaret Sampson, resigned. Ernest C. Frederick, from Huntington, Indiana, is the new clerk and stenographer in the office of the Cincinnati division chief dispatcher, succeeding Miss Margaret Sampson, resigned.

BOWLING

Tigers Take Two. Despite the fact that they were on a bowling rampage Thursday night the Tigers of the City Y. M. C. A. were able to capture only two of the three games with the Indians on the Y. M. C. A. alleys. The Tigers worked up to a fitting climax, shooting 954 in their final start, which they won by a margin just two short of 200 pins. The big game of the evening was produced by Waddell when he turned in 247 scores in the second game. In the same start McRill shot 214. None of the Indians broke into the charmed circle. The scores: Tigers—Waddell, 179, 217, 183.

MOST LAVISH DRESSES FORM TROUSSEAU OF PRINCESS

Princess Mary, married to Viscount Lascelles in Westminster Abbey, London, has stylish clothes in her trousseau. Here are shown two of her outfits. The tea-gown is of pale mauve, pleated chiffon and white Mallins lace, with underskirt of blue crepe de chine, double-colored waistband and flower-clasp at hips. The town costume is of French blue velvet, trimmed with fur. The gowns were shown by a model at the London shop where part of the trousseau was made.

GRAND COMPANY FILES ANSWER THIS AFTERNOON

Says Plaintiffs Have Copy of Annual Statement.

SAYS MARCH 6 AGREED
ON FOR INSPECTION

Grand Jury Meets To Consider
Gackenbach and Baker Cases.
Court News.

In the action of Charles R. McMurray, Edward F. Sharpless and George H. Foster against the Marion Grand Theater company, a corporation, an answer was filed in the common pleas court, this afternoon, through Justice, Young & Mouser. The answering defendant says that a true copy of its annual statement of 1921 has been furnished to the plaintiffs and likewise a list of stockholders. The defendant further states that plaintiffs designated March 6, 1922, at 10 o'clock in the morning as acceptable to them for the inspection of books and records and defendant notified them of the acceptance of the date. By reason of this arrangement the defendant claims the plaintiffs are not entering the court in good faith and for the reasons mentioned ask that the petition be dismissed.

Meets This Afternoon.

The grand jury for the present term of court which was called for special session at 10 o'clock this morning to consider the cases of John C. Gackenbach and Edward Baker, charged with murder, had to adjourn until 1:30 o'clock this afternoon as a result of W. W. Beaver, one of the jurors from Route No. 2, Green Camp, not being present.

Sues for Divorce Decree.

As a result of the alleged practice of Florence A. Kunkle leaving her home she has been made defendant in a divorce action brought by Paul E. Kunkle in the common pleas court Thursday afternoon, the petition being filed through Attorney George T. Goran.

In his petition the plaintiff says they were married at Mansfield January 10, 1919, and went to Cleveland to live. After two months she left and was away two months before he induced her to return. They then went to Oklahoma and he states she again left and went to Columbus. He followed her and they started living in Columbus, coming to Marion in October, 1920, and taking up their residence with his parents. In March 1921, he charges she again left and went to the home of a brother at Prospect. He says he was unable to induce her to return and live with him and later she went to Canada and has kept her whereabouts a secret from him. In addition to a divorce he asks that they each be barred from interest in the property of the other.

Sues for Accounting.

In a petition filed in the common pleas court Thursday afternoon through Attorney George T. Goran by Clayton R. Hartley against Emerson M. Parks and others an accounting of moneys paid by the plaintiff to the defendant is asked for.

The plaintiff states in his petition that he purchased a property from the defendant September 22, 1920, and has paid \$400 on the same and also paid the taxes for December,

1920. He says that by reason of lack of employment he was required to move to reduce expenses and secured a tenant and asked the defendant to apply the rent on the purchase price, but they refused and declared the contract rescinded and retain the property. He states that \$12 a month would be a reasonable rental for the premises and that if the court finds any balance due him that he be granted a judgment for the amount against the defendant.

Files Demurrer.

In the action of Elmer Redd against Mary Cummins for an accounting, the defendant filed a demurrer to the amended petition in the common pleas court this morning through Attorney H. Edmund Hill.

Try Fairbanks Case.

The case of John W. Fairbanks against Dean C. Ridgway to set aside a deed is being tried before Judge Hamilton E. Hoge, of Kenton, in the common pleas court. The plaintiff is represented by Attorney J. W. McCarron, of Bucyrus and the defendant by Carhart & Warner.

Sets Up General Denial.

In the suit for damages brought by Helen M. Irvine, an administratrix of David Irvine, deceased, against the Erie Railroad company, the defendant filed an answer in the common pleas court today through Cook, McLaren, Poole, Bushnell & Lamb and Crissinger, Guthrie & Strellitz. A general denial is made to all of the material allegations of the petition and negligence claimed on the part of the plaintiff decedent.

Films Answer.

Through Justice, Young & Mouser, Ruth I. Conrad, a party defendant in the partition suit brought by James L. Uish against Ruth I. Conrad and others, filed an answer in the common pleas court this afternoon in which she sets forth her interest and asks that it be set off to her in severalty.

MINERS LEAVING FOR EUROPEAN HOMES

Large Numbers Buying Tickets for Old Lands.

Wilkes Barre, March 2.—Convinced that a suspension of several weeks is certain in the anthracite coal fields beginning April 1, an exodus of mine workers has set in and large numbers are returning daily to their native lands.

Steamship ticket agencies report that the demand for tickets is the largest in many years. Poles, Italians, Slovaks and Austrians are leaving, some of them saying they are going away to wait until times get better. Others think that with the money they have saved, the old world offers more opportunity than the new. The desire of many to see their families from whom they have been separated throughout the war, plays a part in the exodus.

Entertain Club.

The Amaranthine and Jamboree clubs were entertained by Mrs. Ray Williams and Mrs. Cecil Williams at the home of the latter on Oliver avenue last evening. The time was passed socially and two contests were held, honors going to Mrs. Byron Knox. Mrs. C. C. Williams was consoled.

Making the Home Bright and Cheerful

BEAUTIFUL Walls and wood-work that look as if a great water color artist had tinted them by hand in a moment of inspiration. This is the best description that could be given of the wonderful effects secured by using Washable Interior Colors on your walls and ceilings.

Bradley & Vrooman Washable Interior Colors

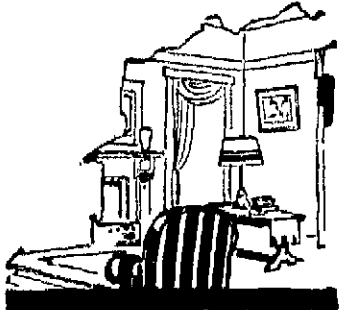

Are soft and velvety—most pleasing to the eye. They dry with a subdued artistic "sheen" which satisfies that inborn craving of all of us for that which is unique and harmonious.

They are superior in every respect to kalsomine and wallpaper and more sanitary. The cost is small—the results most satisfying. Try them in your home—you will be gratified and pleasantly surprised.

Paint Doesn't Cost Money—It Saves It!

Unless your home is protected inside and outside by repainting at least once every four years, you will lose in repairs and lessened value from five to ten times what the paint and labor would cost.

Paint that is fresh always means satisfaction. R. & V. Washable Interior Colors are invariably fresh, and good because they are combined in the best and simplest way on the job.

Uniform Rank Receives Four Applications and Plans Social, Druids Meet.

Lively contests for secretary, treasurer and trustees featured the annual meeting of Marion Lodge of Elks, No. 22, Thursday night, when the lodge hall was filled to overflowing.

Phil H. Rettig was reelected secretary, defeating two other candidates. The office of secretary pays a salary of \$150 and a hard fight was centered on the present incumbent by his opponents, but Mr. Rettig came out an easy winner.

Past Exalted Ruler Harry S. Elliott was chosen treasurer and the trustees elected are A. W. Bryant, William F. Bull and William Phillips for three, two and one years, respectively.

Proceeding the election the lodge voted unanimously in compliance with the recommendation of the Grand Lodge Judiciary Committee, to change its by-laws providing for three instead of five trustees.

Past Exalted Ruler William H. Holversholt was reelected a director of the Elks' Holding company and Past Exalted Ruler J. Wilbur Jacoby was the choice of the lodge to fill the unexpired term as a Holding company director of the late Past Exalted Ruler William S. Spencer.

Remaining lodge officers elected without opposition follow: Carl E. Danner, exalted ruler; L. Don Jones, esteemed leading knight; Horchard Critchfield, esteemed loyal knight; Dexter Hazen, esteemed leading knight; Vernon Dutton, tyler.

Newly-elected officers will be installed at the first meeting in April when appointive officers and the various committees, it is expected, will be announced by the incoming throne-officer.

There is Strength in Every Tablet
One does often help commence to enrich his blood and revitalize his worn-out exhausted nerves. Nuxated Iron is organic iron, like the iron in your blood, and it is so prepared that it will not irritate the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is indigestible at all. It is so not strong or well you owe it to yourself to take the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron—three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all drugists.

SOCIETY

Another delightful party was given for Mrs. Ruth Harrison yesterday when Mrs. Jay Mathis entertained at her home in the Crown apartment in the afternoon.

Miss Harrison was given a magnificent shower of beautiful gifts, which were placed in a pretty hat box and presented to her. The hours were whiled away with bridge and needlework. Later the hostess served tea.

Miss Mildred Wood, of Springfield, the guest of Mrs. Harrison, was the only guest from out of the city.

The Marion Federation of Women's clubs is sponsoring its patronesses at the First Presbyterian church this afternoon at its annual patroness' party. An excellent program is being given and will be followed by a tea.

The T. N. R. club was entertained by Mr. and Mrs. John Schweinfurth, of Bain avenue, last evening. The company played rick, the honors going to Mrs. Hurre Perfect and Mr. Roland Fox. Refreshments were served.

The next meeting will be held with Mrs. William Robb, of Silver street, a week from next Tuesday.

There is Strength in Every Tablet
One does often help commence to enrich his blood and revitalize his worn-out exhausted nerves. Nuxated Iron is organic iron, like the iron in your blood, and it is so prepared that it will not irritate the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is indigestible at all. It is so not strong or well you owe it to yourself to take the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron—three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all drugists.

TRACE AIREDALE ORIGIN TO BRITISH HUNTING LAW

People Along Tire River Produce Wonderful Dog.

WALTER LINGO ONE OF FIRST IMPORTERS

Oorang Strain Becomes Famous. King Oorang II Is a Real Aristocrat.

An interesting story in which the strict hunting laws of Great Britain sixty years ago are said to be responsible for the Airedale and Walter Lingo, of LaRue, is credited with being one of the first American importers of the breed appeared in a recent issue of the Ontario State Journal. The story was written by Clyde Tuttle, and reads:

This story will appeal only to the lover of dogs.

About sixty years ago the common man of Great Britain found it necessary to create a dog different from any other in existence. The reason was the strict hunting law of Great Britain that prevented any other than the nobility from enjoying the great outdoors. When in quest of wild game, however, the common Briton loved the chase as well as his lord, but he found the old line sporting dogs were useless to him in the stealthy poaching forced on him. The hound was too noisy, the bird dog became lost in the brush when at stand and the retrievers lacked stamina.

Experiment, Secrecy. Therefore these folk secretly experimented by a series of cross breeding old types, including the otter hound, old English sheep dog, black and tan terrier and bull terrier. From this melting pot resulted the Airedale, so named because he was produced by the people along the dale of the Tire river between England and Scotland. The new dog combined the qualities of his ancestors without their faults. He inherited the trailing nose and hunting skill and love of water of the otter hound, the adaptability for driving wild game as well as domestic stock from the old English sheep dog, the keen wit of the terrier and the fighting instinct of the bull terrier. He had an iron constitution that withstood the hardest usage, he was stealthy in his approach of wild game, he would trail and drive his prey to where his master was stationed; he was strictly a one-man dog, and no other than his master could handle him.

Such great results were obtained by the poachers through the use of this wonderful dog that the nobility in time learned the secret. The Airedale soon was being utilized by the earls and dukes and became the most popular dog in England and American sportsmen became interested, and the Airedale was brought to this country. One of the first American importers was Walter Lingo, of LaRue, who started to breed these wonderful dogs in even a more careful manner than his English cousins.

Strain Becomes Famous. His Oorang strain became famous because he bred his dogs for utility as well as type. He wanted his Airedales to be all-around dogs. Ten years ago King Oorang, it was whispered from a long line of champions. When only a puppy his wonderful intelligence asserted itself to such a degree that Lingo noticed the little fellow, who was taken away from the other dogs and given special training by Lingo. The two became inseparable companions. In due time King was retrieving wild ducks, geese, quail and pheasant, trailing and treeling coons and driving cattle and sheep better than rollic or shepherd. He began to attract the attention of dandies and he competed against many dogs of other breeds in the work specialized by the latter. In all the contests King was winner and he added to his laurels when he whipped and killed one of the best fighting pit bull terriers in the country, winning a side bet for his many backers that would create envy in the

heart of a modern prize fighter. He was later placed in a hunting pack of big game dogs and his natural leadership became evident when in a most natural manner he was soon leader of the pack and won great fame as a trailer and fighter of bears, lions and wolves of the great Northwest country.

During the late war he completed his all-around training by becoming an expert in Red Cross work. King Oorang II is a real aristocrat of the canine family, but he is as much at home in the woods and forests as he is in his kennel or on the show bench. This splendid dog will be on exhibit at the Columbus beach show to be held at Memorial hall March 18 and 19. He is being featured this week on the screen at the Majestic theater, which shows him in action. His wonderful record has attracted attention, throughout the sporting world and he is truly the king of dogs.

Women Men Admire. Men admire a pretty face, a good figure, but more than all a buoyant, cheerful and the charm of happy content. There is no question but what a first-class woman is the joy of a man's life, but no woman can be happy and joyful when dragged down by the ailments that so often beset her head, backache, nervousness and "the blues."

Which is Larger the Sun or a Cent?

"Why—the sun of course" you will say. But remember—you can hold the cent so close to your eye that you lose sight of the sun. Some baking powders can be bought for a few pennies less than Calumet—but don't hold these cents too close to your eyes—you will not be able to see the quality—the purity—the dependability of **CALUMET BAKING POWDER**. In other words, don't be deceived by a few pennies—the cheapest baking powder in price is often the most expensive. When you buy Calumet you know that it will produce pure, sweet, and wholesome bakings. You know that you use less because it contains more than the ordinary leavening strength. Buy it—try it—be convinced. A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

**SCIENTIST MAKES
 LIGHTNING FLASH**
 Electrical Wizard Stages an
 Indoor Storm.
 Sechenectady, N. Y., March 2.—
 Dr. Charles P. Smyth, electrical
 wizard, announced he has succeeded
 in producing and controlling an in-
 door thunderstorm with all the char-
 acteristics of its natural brother, ex-
 cept the thunder noise.
 The experiment took place at the
 plant of the General Electric com-
 pany here.
 At a demonstration of his light-
 ning generator, the famous forked
 tongue flashed from the laboratory
 with a deafening crash, splintered a
 large block of wood, hurled frag-
 ments 25 feet and ripped a miniature
 tree from top to base.
 The bolt carried the energy of
 1,000,000 horsepower—about one five-
 hundredth of the energy of a natural
 lightning bolt. Dr. Smyth's ex-
 periments—and tested for the one hun-
 dredth thousandth part of a second.
 Dr. Smyth hopes his apparatus
 will contribute largely to the depar-
 tment of lightning arresters.

The wagons hitched to movie
 stars now are "huglin' tongues."
**Mrs. Snyder Found the
 Magic Word**
 Housecleaning is no longer a bug-
 a-boo with Mrs. Snyder. She found
 that the one word—Rub-No-More—
 means "Magic" during houseclean-
 ing.
 And she found this all out at her
 grocer's. Upon his shelves she saw
 some R. N. M. White Naphtha Soap
 alongside of a number of packages
 of Rub-No-More Washing Powder,
 Yellow Naphtha Soap, Soap Flakes
 and Spotless Cleanser.
 These reminded her of last Fall
 when she cleaned house with these
 products. As if by magic—her work
 was easier, more economical and all
 cleaning finished in less than half the
 usual time. Moral: "Let the Rub-
 No-More Elephants do your house-
 cleaning"—Adv.

Cold Wave Threatens Grape Fruit.
 Broadsville, Tex., March 2.—
 Sudden colds throughout the lower
 Rio Grande valley citrus groves were
 set on following a weather bureau
 forecast of a freeze to the east with
 temperatures ranging from 24 to 27
 degrees. Grape fruit trees are in bud
 and the cold wave would en-
 danger the entire crop of next
 season, farmers fear.
 The groves were injured at Pol-
 lockville, Tex., a few miles to the
 east, a general frost and a regular
 frosty day.

BIG INSURANCE FRAUD BARED

Three Indictments Are Filed in New York.

SWINDLE IS WORKED BY ORGANIZED BAND

Clerk's Watchful Eye Uncovers Fraud—Sums Stolen May Aggregate Millions.

New York, March 3.—Accident insurance frauds which may total \$17,000,000 and which were worked by a regularly organized band, were revealed by three indictments filed here today.

Three men were named in the indictments—Benjamin Iskowitz, Benjamin Greenwald and Max Elstein.

The band is alleged to have been swindling accident insurance companies through fake accidents for the past five years.

According to John Coyle, chief detective for the Ocean Accident and Guarantee corporation, the complainant in the case, the gang has maintained a regular staff of cripples, physicians, brokers and lawyers. Its operations extended all over the United States but particularly in the eastern states.

Local Name Seven Times. Iskowitz was used at least seven times as the "victim" in accidents. Seven policies bearing his name are in the hands of Assistant District Attorney Jerome Simmons. There was a large lump on his left leg which was utilized and capitalized.

Iskowitz claimed to have been run down by an automobile last August and put in a claim upon his policy with the Ocean Accident and Guarantee corporation.

His signature fell under the eyes of a clerk who thought he recalled a similar claim on a similar accident a few months previously. An investigation was made and the clerk's suspicions confirmed.

Payments Revealed. The matter was turned over to the clearing house maintained by the Accident and Casualty company's representatives here. The result was that seven payments to an accident victim answering Iskowitz's description were found.

The companies laid the matter before the district attorney, meanwhile extending their investigation throughout the country. The result of the inquiry has been, according to Detective Coyle, to uncover one of the biggest swindling schemes of its kind ever brought to light in this country.

According to Assistant District Attorney Simmons, Greenwald was driving the car which is alleged to have "runned" Iskowitz in the accident last August—the accident which led to the investigation.

Two Makes of Cars Used. Other members of the band are alleged to have been driving the car, figuring in each of the other accidents upon which he collected. Only two makes of cars were used in the Iskowitz series of accidents.

Dench warrants were issued for all three of the indicted men. It was reported that all three had been arrested in Boston. Lieutenant Detective Rayner, of the district attorney's office, has wired to that city for confirmation asking that all three of the men be held if they are

actually in custody.

Twenty-five claims involving policies of \$50,000 in the aggregate are now under scrutiny by companies located here as a result of the disclosures of the investigation.

A large percentage of the "accidents" were attributed to automobiles. Railroad accidents also figured very conspicuously in the summary. Mr. Coyle said that investigators for the companies had found that some cripples maintained by the band had been crippled from birth.

The lawyers, whose names have become involved, were usually used to collect on disputed policies. In virtually all the cases the band would settle instead of pressing their claims by suit. Mr. Coyle said today that claims which might have easily been made the basis for a \$20,000 suit, were found to have been compromised for as little as \$1,500.

Sees President on Reduction to 115,000 Men.

PROTESTS AGAINST MOVE BY CONGRESS

Says Force Should Be Kept at the Present Figure of 150,000 Men.

Washington, March 3.—General John J. Pershing sought the aid of President Harding today to prevent congress from carrying out its announced intention of cutting the regular army to 115,000 men.

Army Now 150,000. The army now consists of about 137,000 men and 13,000 officers. DONAHEY'S HAT IS IN THE RING

Is Candidate for Nomination for Governor.

FORMER AUDITOR HAS PLATFORM PREPARED

Pledges Economy, Lower Taxes, Constitutional Government and "Common Honesty."

Columbus, March 3.—Formal announcement was made by Vic A. Donahey today that he is a candidate for the Democratic nomination for governor.

He was the Democratic candidate for governor in 1920.

Donahey pledges himself to tax reduction and economical expenditure of taxes raised. At the same time he charged Governor Davis with not having kept his campaign promise to cut the cost of government "hundreds of thousands of dollars."

Whether Donahey will have opposition at the August primaries, whether Governor Davis will seek a second term, and, if so, whether he will be opposed for re-nomination, are things which remain unsettled. The governor has fixed March 18 for announcement of his intentions.

Donahey, in his announcement, laments the action of the supreme court in "nullifying the referendum right of the people" by sustaining the emergency clause to the governor's reorganization law, says the industrial commission should be restored to control over its employees, and adds: "Unlicensed caprice of public officials is dangerous in a highly centralized form of government such as we have forced upon us."

The four main planks of his platform, Donahey says, are: "Lower taxes, economy, constitutional government and common honesty." "If there ever was a time," Donahey concludes, "that public money should be touched with the greatest scrupulousness of honor, it is now, when thousands of our people are unemployed, our industries running half time and many farmers facing bankruptcy."

LITTLE HOPE OF SAVING SLAYER

Harvey Church Likely To Die on Gallows Today.

GOVERNOR SMALL IS OPPOSED TO STAY

Murderer To Pay Penalty for Killing of Two Automobile Salesmen in Chicago.

Chicago, March 3.—Pity will seek to temper the sternness of justice today in a final despairing attempt to halt the execution of Harvey W. Church, youthful murderer, who is to be hanged at 4 o'clock this afternoon.

Attorney Benjamin F. Bartel will ask Judge Kiekham Scenian, chief justice of the criminal court, for a ten day stay of execution on humanitarian grounds. An attempt to obtain a writ staying the hanging also will be made on the technical claim that Church was not executed within twenty-five days after sentence, as required by law.

There seemed to be little hope that efforts to halt the execution would be successful.

No Hope in Governor. Governor Small and the state supreme court have said their negative pleas for clemency.

While attorneys kept up their last ditch fight, preparations for the execution were going forward in the county jail. The pounding of hammers echoed in the court yard as the gallows were erected. The length of hemp rope that will snuff out the life of the slayer was being tested with heavy, inert bags of sand, more lifeless even than the condemned man who has lain passive and unheeding to all appearances apparently dead for more than a month.

Church will pay the penalty for the slaying of Bernard J. Daugherty and Carl Amus. He confessed to luring them to his home on the pretense of desiring to buy an automobile. He beat them to death with a baseball bat, buried the body of one and threw the body of the other into a river. His only motive was to obtain possession of the automobile which he had not sufficient money to buy.

Church showed the first signs of consciousness this forenoon as the hour of his execution approached. He opened his eyes and began to mutter guttural calls for "mother and father."

The father and mother, Mr. and Mrs. E. O. Church, were immediately summoned and taken to the death cell.

Breaks Mental Trance.

Chicago, March 3.—Harvey W. Church, convicted murderer, who will go to the gallows at 4 o'clock this afternoon, today broke the self-imposed state of hypnotic catalepsy in which he has lain for more than five weeks, and spoke the first words he has uttered in that time.

While the hammers were pounding at the scaffold on which he will hang, he called for his father and mother. Later he confessed his crime, according to Dr. Francis W. McNamara, jail physician, and begged forgiveness.

Dramatic Scene.

An intensely dramatic scene ensued when Mr. and Mrs. E. O. Church, his aged parents, entered the death cell. Although he had called for them, Church did not speak while they were present. They kissed him goodbye, after pleading for a final word and left. In the jailer's office afterward, the mother collapsed, sobbing, and the father, jaws set and fingers working, copying a book may be printed.

MURDERERS DIE IN CHAIR TODAY

Second Double Execution This Week at Columbus.

BOTH MEN MEET DEATH WITHOUT EMOTION

One Goes to Doom Protesting Innocence—Other Kills Two Men in Hold-Up.

Columbus, March 3.—The second double electrocution at the penitentiary this week occurred shortly after midnight this morning when John McGuire, alias John Burke, twenty-three, Toledo, and Percy Tyler, thirty-four, negro, Youngstown, both emotionless, met death in the electric chair.

Without uttering a word, McGuire took his place in the death seat and was lifeless five minutes after the current was turned on. He was officially pronounced dead at 12:12 a. m.

Died in Ninety Seconds.

It took only ninety seconds to electrocute Tyler who died at 12:21½ a. m.

Entering the death chamber, Tyler said:

"I leave this world to face my maker, but the man who murdered that girl I leave to his God. There is no malice in my heart toward anyone and I bless everybody."

McGuire was convicted of killing A. E. Long and Louis Schroeder, railroad detectives, during the hold-up and robbery of Austin H. Breed, ticket agent at Toledo, in January last year when over \$9,000 was stolen.

Tyler was found guilty of killing a negro chambermaid in a hotel at Youngstown in May, 1920.

SAYS LAW TIES THE COMMISSION'S HANDS

Member Refers to Decision on Telephone Rates.

Columbus, March 3.—That the law "ties the hands" of the state utilities commission rendering the commission powerless to do other than boost charges while fixing the new rates for unified service to be given patrons of the Ohio Bell Telephone company, is the claim made here today by Attorney George T. Poor, Cincinnati, chairman of the commission. The commission, besides boosting the rates at Roseville, has authorized the Ohio Bell company to buy the properties of the Springfield-Xenia company and to charge new rates, providing for increases averaging from twelve to 100 per cent, after unification of service is effected.

"The law specifies that the commission must fix a reproduction value and on the value allowance must be made for operating expense, reasonable depreciation and a fair rate of return on the investment," said Chairman Poor.

"I do not think this system of valuation is exactly a fair system. But, under the law, rates must be fixed on such a valuation. The rates will yield only five or six per cent, return. We tried to put the chief burden of the increases as little as possible on the 'little fellows.'"

Will Abolish Army Post

Miami, Fla., March 3.—The proposed cut of fifty to sixty million dollars from the war department budget for the new fiscal year will mean a decrease of at least one-third in army forts, posts, training fields and training camps in the United States, according to a statement made here today by Secretary of War Weeks, who is here on a vacation of several weeks. Discussing the proposal of the house sub-committee on appropriations, the secretary said it would be impossible to properly maintain these places with 115,000 men.
